Join FRUPAC Net!

In order to join FRUPAC, you must be a:

- Former Navy cryptologist
- Licensed amateur radio operator

Membership in the U.S. NCVA is not required!

U.S. Naval Cryptologic Veterans Association

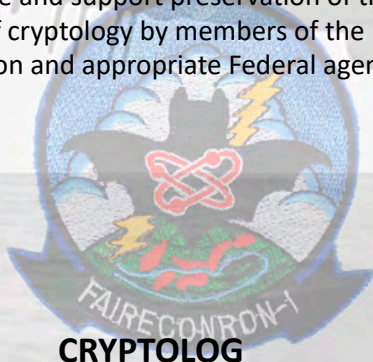

Celebrating Continuity
Embracing Professionalism

Purposes

We are a unique organization of active, retired, and honorably discharged U.S. Navy Cryptologists, past and present. We:

- Conduct a periodic reunion.
- Provide fraternal, social and recreational activities for members and guests.
- Advocate strong and adequate U.S. Armed Forces sufficient to maintain security interests worldwide.
- Support efforts to preserve and strengthen the security of capabilities of the cryptologic agencies of the Department of Defense.
- Encourage and support preservation of the history of cryptology by members of the Association and appropriate Federal agencies.

Our quarterly publication, CRYPTOLOG, features current and historical topics news, upcoming events, and remembrances of shipmates now on Eternal Patrol.

Cryptologic Awards

U.S. NCVA presents annual awards to Active Duty and Navy Reserve enlisted and commissioned members for outstanding cryptologic service.

Scholarships

We help our communities and nation at large by providing scholarships to students that help enable these fine young women and men pursue their education.

Reunions

The U.S. Naval Cryptologic Veterans Association holds an annual reunion. These gatherings are normally entirely social in nature and terminate on the evening of the final full-day with a dinner-dance.

In some instances, other groups—such as the Naval Cryptologic Reserve Association and the U.S. Submarine Veterans Association—might hold their reunion in conjunction with ours for economies of scale.

Reunion Sites:

| | |
|-------------|----------------------|
| 2021 | Fort Worth TX |
| 2022 | Charleston SC |
| 2023 | Milwaukee WI |

Cryptologic Command Display

Volunteers from the U.S. Naval Cryptologic Veterans Association maintain and manage the Cryptologic Command Display, a repository of historic naval cryptologic documents, equipment, artifacts and photographs, in Building 503 at Corry Station in Pensacola, Florida. The display is open on weekdays between 8:15A.M. and 3:00 P.M.

FRUPAC Net

The U.S. NCVA supports the FRUPAC amateur radio operators net.

The prime objective of this group is to:

- Use HAM radio to locate former shipmates.
- Provide all with an organized and convenient means of establishing and maintaining contact with each other from the comfort of their respective homes.
- Encourage others to pursue the avocation of amateur radio.

If you are a former Navy Cryptologist and a HAM operator, consider joining our FRUPAC Net.
